

MUCU offers the convenience and benefits of e-Statements to you free of charge. E-Statements are much safer than paper statements. When your statements are mailed, your mailbox contains printed material with your private information. This can lead to identity theft. Going paperless reduces the threat of stolen statements and is eco-friendly. E-Statements will also arrive much sooner than mailed statements.

**Beginning with your statement mailed out in July 2018,
MUCU will charge \$5 per paper statement, each time one is mailed to you.**

*Note: Members 57 years of age and older or 18 years of age and younger
will NOT incur this fee.*

A paper statement is expensive not only due to printing, but also postage, processing and permit fees. As a not-for-profit, member-controlled, financial cooperative, MUCU's primary objective is to continue to provide low-cost or free financial services and competitive loan rates to you, our members.

E-Statements are free and enable you to securely access all of your statements 24/7. To sign up for and view your e-Statements, you must first have access to Online Banking. You can sign up for Online Banking by visiting www.membersunitedcreditunion.org and clicking "First Time Login?" to the upper right of the home screen in the "Online Banking" box. Once you are registered for Online Banking and are logged in to your account, simply click on the e-Statements link (pictured here) to the right on the "Overview" screen and follow the instructions provided.

Contact us at (229) 439-1448, (706) 987-8000 or (888) 822-1633 with any questions.

**Sign up for e-Statements by June 30
for a chance to win a Kindle Fire 8!**
